

## UUCB Climate Action Ministry 2019 Spring Series:

### Reversing Global Warming: Introduction to Drawdown

**Workshop:** Monday, March 4, 6:30 – 9:00 p.m., Sky Room.

This interactive workshop is designed to shift the conversation around global warming. It is meant to give people an encouraging place to stand, and a clear idea on what actions they can take to contribute to reversing global warming. (Based on the 2017 book *Drawdown, the most comprehensive plan ever proposed to reverse global warming*, edited by Paul Hawken).

Presented by: Pachamama Alliance facilitators Kit Tennis and Anita Sanchez **Register [HERE](#) or at the RE Table during Fellowship Hour**

### Demonstrating our Values through Eating (DOVE):

Monday, March 11 6:30 – 8:30 p.m. (Emerson)

Monday, March 18, 6:30 – 8:30 p.m. (Emerson)

Saturday, March 23, 10:30 a.m. – 12:30 p.m. (a home)

Saturday, March 30, 11:30 a.m. – 1:30 p.m. (a home)

Monday, April 1, 6:00 – 8:00 p.m. (Sky Room)

Join us for a 5-week program exploring the connections between our personal values and our food choices. DOVE uses video, discussion, and supplementary materials to explore issues that affect us all:

- Why do some foods seem almost addictive?
- How can we fight global warming with our fork?
- What really happens to the workers and animals who produce our food, and what can we do to help?

Participants also get time in the kitchen, preparing delicious recipes that demonstrate values of *health, justice, compassion and sustainability*.

**Curriculum provided by UUA; presented by Climate Action Ministry members. Register at RE Table during Fellowship Hour**

Please note: DOVE takes the view that issues such as anthropogenic climate change, hunger, and violence *are* problems, and we should try to address them. We also recognize that some people deny these premises. If this describes you, yet you still want to participate in a local DOVE program, please respect the program's ground rules and expectations. Facilitators might consider scheduling a nonviolent communication workshop as a prerequisite, to emphasize the importance and benefit of effective communication

### **Public Health Threats of Climate Change in Colorado:**

A public presentation on the physical and mental health threats of an increasingly arid state

**March 12th: 7 - 8:15 pm, Earth Room**

**FREE but pre-registration requested, go to:  
<https://tinyurl.com/health-threats>**

#### **Presenters:**

- Rosemary Rochford, Ph.D., Director of the University of Colorado Consortium on Climate Change and Health and Professor, Department of Immunology and Microbiology, University of Colorado School of Medicine
- Kathleen Wells, Ph. D., Psychologist, and Emerita Professor, Case Western Reserve University, Cleveland, OH
- Jake Fox and Cameron Niswander, MD/MPH candidates, Joint Program University of Colorado School of Medicine and Colorado School of Public Health

**Co-sponsored by UUCB CAM and Boulder CCL**
